It is our desire to make this volume of THE HACAWA a record of the trials and triumphs of our college life, rather than a crowning effort in the realms of Literature and Art. It is our hope that each page and picture will carry with it a train of pleasant memories. If, when the shadows begin to fall and the candle of life has burned low, and you, reaching up, remove this time-worn volume from its dust-covered repose, and slowly turning its pages, live again your College Days, if your dim recollections are refreshed, and the flickering fire-light reveals a smile upon your countenance, then, indeed, our labors will not have been in vain.

## Fair Star of Caroline

Fair Star of Caroline, our college glorious,  
Our college loved by all, to thee we sing.  
May she ever shine, clear and bright, victorious,  
To her our song of loyalty we bring.

### REFRAIN

Fling wide the Red and Black, sing aloud her praises!  
This is the song we sing, Lenoir-Rhyne, to thee.

Fair Star of Caroline, our Alma Mater,  
Our college best of all in this broad land,  
Thou best beloved of every son and every daughter,  
Thy children hail thy name on every hand.

## Pep Song

Hoo Ray! Look, L. C. boys are playing;  
Just watch them rush into the fray,  
And hear the L. C. students saying:  
"We're all behind the lines today."  
Let's take the ball from our opponents,  
And rush it right across the line,  
And then for us shall be the glory.  
Let's fight! For L. R. C. MUST SHINE!!!!

### CHRESTONIAN

President of Class, 1; Fresh-Soph Debater, 1 and 2; Student Commission, 2; Chrestonian Anniversary, 3; Junior Orator, 3; Endowment Campaign Speaker, 3; President Chrestonian Society, 3; Vice-President of Student Body, 3; President of Student Body, 4; Editor-in-Chief of Hacawa, 4; Inter-Collegiate Debater, 4.

The Class of '24 has always been proud to claim dear old Claude, who has been with us during the entire four years, as a friend, a pal, and a real student. We admire his firmness and practical ability. There is some real worth in all he has to say. He is kind, generous, good-natured, and always willing to serve. He is an enthusiastic worker in all lines of college activities. He is sound in character, stable in disposition, and positive in thought. His common sense, combined with his keen sense of intellectual perception, make him a real man. He has tact and initiative. He uses his influence to preserve peace and order. He is highly respected and esteemed both by the Student Body and the Faculty. In all things he is very optimistic, especially in the problems that confront the class. We are sure that he will succeed in the life work which he undertakes. Our best wishes will accompany him throughout life.

LETHCO C. BUMGARNER, A.B., A.Mus. . . . . Hickory, North Carolina

### EURONIAN

Glee Club, 1, 2, 3, 4; Assistant Manager, 3; Manager, 4; President Catawba County Club, 3, 4; Student Cabinet, 4.

Lethco has been one of the most loyal members of our class. In all class activities, he has always taken a leading part. He is a jolly good friend to have—this is proved by the great circle of friends he has made throughout his college career. We look upon Lethco as a real artist. He has an unusually appealing voice, he is also a good musician. He is one of the valued members of the Glee Club. Energy and get-up have been two of the main key words in his college career. As a result of this, we see him taking his degree in Voice, with his A.B. We cannot but see success awaiting him in the future. The best wishes of the class follow Lethco in whatever he undertakes in life.

## Senior Class

LUCILLE BUMGARNER, A.B. . . . . Hickory, North Carolina

### EUMENEAN

Lucille has been a full sharer of all the joys and sorrows of our class. She is a "Hickory Nut," but she lives almost at the edge of the campus and has always been able to take part in all the activities of her class. She is always jolly and ready for fun. To put it in the language of the day, she is a real good sport. She is the friend of every member of our class and it can truly be said that all her classmates are her friends. Lucille is very generous-hearted; she likes to see the other fellow have a good time. We believe that this accounts for the fact that she seems to enjoy herself so well on all occasions. She believes that there are times to work and times to play, consequently she has always been a worker and a good student, as well as one who plays and has a good time. We know that Lucille will make her mark in whatever she undertakes.

GROVER C. BUSH, A.B. . . . . Lenoir, North Carolina

### EURONIAN

The fall of 1920 found the campus illuminated by the presence of an interesting character from Lenoir. Bush, after spending several years teaching in the public schools of the state, decided to acquire a higher education, so he came to Lenoir College. In his Freshman year he became a member of the Euronian Literary Society, and took an active part in society work. He was noted, both in the Society Hall and on the campus for his "line," which he used extravagantly. In the fall of his Senior year he became tired of living alone, and became the husband of Miss Sally Horton of Raleigh. We wish him a successful career in life.

## Senior Class

H. C. CASTOR, A.B. . . . . Concord, North Carolina

EURONIAN

Lenoirian Staff, 3; Junior Orator, 3; Assistant Business Manager of Hacawa, 4.

In the fall of 1922, H. C. was one of the new men to join our ranks. He is a product of M. P. C. I. He was the quietest of the lot. It did not take long to find his quietness was not due to ignorance, but to sincerity. He says nothing that he does not mean. He soon found his way into almost all organizations, where he has taken an active part. His ready smile and ever-helping hand have won for him many friends here. He expects to enter the ministry. His loyalty, sincerity, hard work, and faithfulness are qualities that will greatly aid him in his chosen profession.

HAZEL CROUCH, A.B. . . . . Hickory, North Carolina

PHILALETHIAN

Hazel is one of the quiet unassuming girls of our class. She never displays her knowledge, but when called on she is always able to give a satisfactory answer. Hazel must be praised for her loyalty to her class, she takes part in all the activities, and it can be well said "that she never leaves a task unfinished."

## Senior Class

CLIFTON DEAL, A.B. . . . . Hickory, North Carolina

EURONIAN

Vice-President of Band, 3; President, 4; Assistant in Chemistry, 3, 4.

Clifton is one of those habitually good-humored persons, whom we so rarely find, and he is especially appreciated for this particular trait. It has been whispered that "SIS" has medicine in mind for his lifework. This is probably a good guess, for he is a real Chemistry "shark," and makes the Lab. his home. Clifton also has talents for other things besides study. He slings the best first trombone in the College Band, and is very much interested in all forms of good music. We wish him the best of success in his coming career.

FANNIE FARRIS, A.Mus., A.B. . . . . Cherryville, North Carolina

PHILALETHIAN

Society Editor of Lenorian, 1; Secretary of Society, 2; Secretary Gaston County Club, 3; Cabinet, 3; A.Mus., 3; Commission, 4; Diarist, 4.

Fannie is one of the "stickers" of our class, having been with us during our four years' stay at L. C. She is interested in music and teaching; with her loyalty and good preparation she will succeed. We are glad to have her in our class because of her good judgment and capability. Her regard for the feelings of those around her has won for her a circle of friends. If her efforts in the following years of her life are as great as they have been at college, we know that she will be successful and happy. We wish this conscientious comrade a long life of service.

## Senior Class

GEORGE W. FETZER, A.B. . . . . Marlow, Georgia

### CHRESTONIAN

Treasurer C. L. S., 1; Assistant Business Manager of Lenoirian, 2; Secretary Band, 2; Football, 2; Commission, 3; Vice-President C. L. S., 3; Speaker Endowment Campaign, 3; Chrestonian Anniversary, 4; Business Manager of Hacawa, 4.

The Class of '24 is truly happy to call George one of its loyal members. In the fall of '20 he entered the class from the land of "Georgia Crackers." From the beginning of his college life his ability as a leader was shown and through his winning personality and ever-cheerful smile he won the friendship and admiration of his fellow students. As a clog dancer in the class he is unequalled. George has shown, too, that he is a bright student and is not afraid to tackle the job. As a loyal member of the class he won the esteem and devotion of his classmates, always fighting for the things of most value to the class. As business manager of the Hacawa, George distinguished himself as a capable manager, full of initiative and pep. With his musical taste and loyalty in all he undertakes, we see awaiting him a great success. We feel that there is no goal too high for him in his life's work.

KATHERINE FRITZ, A.Mus., A.B. . . . . Hickory, North Carolina

### PHILALETHIAN

Class Historian, 1, 2, 3, 4; President Society, 4; Vice-President, 1; Secretary, 1; Secretary Catawba County Club, 4.

Katherine ranks as the most lovable member of our class, a distinction not to be despised. However more splendid ones are here. Her outstanding work, her friendly manner and her womanly grace have won for her the esteem of both students and faculty. She has contributed in a large way to making student life pleasant and profitable. Her class boasts of no more useful or honored student. She is a talented musician, as well as a student. We feel sure that she will make an enviable record for herself in the future. Luck to you, "Kat."

## Senior Class

OLIN G. FRITZ, A.B. . . . . Lexington, North Carolina

### EURONIAN

Declaimer, 2; Member of Band, 2, 3, 4; Anniversary Debate, 4; Assistant in Chemistry, 3, 4.

Olin takes life easily and is an all-around good-natured fellow. He seems to be especially interested in science, and we are sure that success awaits him in the field of medicine. Although Olin never aspires to places of honor and distinction, he often attains them. He is a very diligent worker and is interested in many college activities, especially the College Band. We can judge from his interest in the fair sex that his life will not be a lonely one.

MARY GOINS, A.B. . . . . Reepsville, North Carolina

### EUMENEAN

Vice-President of Eumenean Society, 2; Secretary, 3; President, 3; Treasurer, 4; Anniversary, 3; Honor Roll, 3, 4; Junior Orator, 3; Math Medal, 3; Basketball, 3; Secretary-Treasurer of Class, 4; President of Student Commission, 4; Student Cabinet, 1.

Mary has the reputation of being a real student. To her, work comes first, play second, and men afterwards. "I don't know," is a phrase she has never learned to use. Although quiet and unassuming, Mary always has the information when called upon. During her college career she has proved that, "Few things are impossible to diligence and study."

## Senior Class

ELIZABETH HENTZ, A.B. . . . . Strother, South Carolina

### PHILAETHIAN

President Philaethian Society, 3; Anniversary, 1, 2; Oakview Commission, 1; Secretary-Treasurer Palmetto Club, 1, 3, 4.

"Lib," the pioneer co-ed from S. C. is taking with her the best wishes of all the students. Who, but Lib, could possess a disposition so friendly, and so whole-heartedly genuine? There is no pretense about her; she is sincere in every thought and action, and at all times frank. She has a sunny smile and winning manner, which makes friends for her wherever she goes. She possesses a loveable nature and is somewhat conservative; she thoroughly does everything she undertakes. "What one thinks of me matters little; what one knows of me matters much."

C. F. KYLES, A.B. . . . . Troutman, North Carolina

### EURONIAN

When Statesville gave us Charlie she did us a good turn. He is known by all. His ability to wield a trombone makes him a valuable member of the band. He is also known as a practical joker. In the matter of jokes, Charlie tells us, "That it is better to give than to receive." A sound mind in a sound body, the grit and determination to put a thing across—that's Charlie. Despite his playing into the hands of the goddess of love, we know that he will come through happily and win for himself fame as an educator.

## Senior Class

CY E. LUTZ, A.B. . . . . Henry, North Carolina

### CHRESTONIAN

Student Commission, 1; Treasurer Society, 2; Chrestonian Anniversary, 3; Treasurer Luther League, 3; Vice-President Diakonian Club, 3; Student Commission, 4; President Lincoln County Club, 4; Circulation Manager Lenoirian, 4; President Chrestonian Society, 4; Official Bell Ringer, 2, 3, 4.

You bet we are proud to have Cy a member of our Class of '24. He is an earnest worker in the classroom, in society, and in religious work. Besides taking his "prep" work at Lenoir, Cy has also taken four years of academic work in the college department. Cy shows his loyalty to the fair sex by being a frequent visitor at Oakview. He plans to take up the work of the Christian ministry. We wish him much success.

JOSEPHINE MOOSE, A.B. . . . . Henry River, North Carolina

### PHILALETHIAN

Vice-President Philalethian Society, 4; Secretary Oakview Commission, 4.

"Jo" is a quiet, studious girl whom no one ever accused of flirting. She loves her work and never neglects it, is kind-hearted and is always willing to lend a helping hand. She never looks for trouble and seldom finds any. She is a good society worker and can always be depended upon to take her part in college life. Whatever she does, she puts her whole heart and soul into it. She lives in hope and never gives up.

He has shown to us his business ability by helping to make our Lenoirian an up-to-date weekly paper. Jennings has demonstrated his ability as an athlete, by his fighting qualities on the gridiron. In religious activities he is also a leader; the College League is thriving under his efficient guidance. As he goes to answer the call of the Christian ministry, we unanimously bid him god-speed. May success throughout life be his portion.

KATE MOSTELLER, A.B. . . . . Lincolnton, North Carolina

### EUMENEAN

President Eumenean Society, 2; Vice-President, 2; Secretary, 3; Treasurer, 3; Student Commission, 3; Cabinet, 4; Glee Club, 3, 4; Vice-President Lincoln County Club, 4.

Kate, the least member of our class, has been with us all four years. Although small in stature, she is large intellectually. Kate is a very conscientious worker not only in her studies, but also in different college activities. We are proud of the fact that she was one of our number to make the Glee Club last year. Little Kate, as she is sometimes called, has many friends. 'Tis not uncommon to find a host of girls in her room the night before Exams, especially before P. S. 2. Our best wishes go with Kate as she goes out to teach.

## Senior Class

AGNES PARK, A.B. . . . . Honolulu, Oahu, T. H.

### PHILAETHIAN

Agnes entered our class in the year '22 from Elizabeth College. Although she has only been in America a few years, she speaks English fluently and has learned how to appreciate an American joke. She wins the friendship of all the people she comes in contact with by her pleasing personality. She is a quiet, unassuming girl of good qualities, of whom we are proud to call our classmate. Our class is lucky to have her as she is the only foreigner now in college. Agnes is majoring in science. She expects to return to her native land, Korea, as a medical missionary. We wish her great success in her life's work.

EDNA RHODES, A.B. . . . . Lincolnton, North Carolina

### EURONIAN

President Society, 1; Basketball, 1, 2, 3, 4; Captain, 1; Vice-President of Society, 3.

When we think of "Edd" our thoughts are sweet, for "Edd" is admired and loved heartily by all the students. True, unselfish, dignified and kind. A sense of humor, a love of sports, and a certain amount of studiousness make her a good, all-round girl, who takes a prominent part in all activities. As an athlete she holds her own against worthy opponents, and her fairness and squareness prove to us that she has a true sense of sportsmanship. We predict success for "Edd" in whatever she undertakes, and the best wishes of the Class of '24 accompany her.

## Senior Class

ARLIE RHYNE, A.B. . . . . Lowell, North Carolina

### PHILAETHIAN

Secretary-Treasurer Gaston County Club, 4; Society Censor, 3.

Steadiness, calmness and devotion are Arlie's chief characteristics. Her devotion not only to her work, but to her sister, has placed her on a high pedestal in the estimation of her many friends here. Arlie never pushes herself forward; she is rather known and loved for being a living embodiment of the old adage—"A friend in need is a friend, indeed." And as a friend she is loyalty personified. Arlie is one of the few girls who has made it a point to say a kind word or nothing about those she meets. In the student body we have ever found her a loyal supporter of all its undertakings. We, her classmates, want to take this opportunity to wish her a wealth of good fortune throughout her life.

Ross soon proved himself in the classroom, and also in the society hall. He thinks for himself and stands by his own convictions. He is ever ready to defend his Alma Mater, both in words and deeds. He is a strong supporter of all the activities of the college. Ross is a ministerial student, and with the talent which he possesses we feel sure that he will accomplish much good for the Master. "Ross, old boy, success awaits you in your life work."

Our star in athletics, as basketball is her ideal game. She has been struck with Cupid's arrow, and soon will be the queen of Molly's home, we feel sure. Be this sooner or later, we are assured by her industrious habits that the future holds for her much happiness and success. As for loyalty to the class, no other excels. She is ever ready to support the Class of '24. She believes in using privileges when she can and always enjoys wholesome fun, combined with a well-prepared onion sandwich and a cup of hot chocolate.

"George Ed" has decided to enter the field of education, where we feel sure, with his energy and determination and good judgment, he will be successful.

## Senior Class

SILAS SMYRE, A.B. . . . . Hickory, North Carolina

CHRESTONIAN

In Silas we find a true friend. You can always take his word as the truth in any matter. He is a familiar figure on the tennis courts, since this is his hobby. He is congenial and takes great interest in all college activities. To you, Silas, stick to it, and you will win in the game of life.

EURONIAN

Secretary Diakonian Club, 3; President of Society, 3; Secretary, 3; Endowment Campaign, 3; Lenoirian Staff, 3; Inter-Collegiate Debater, 4; Commission, 4.

Trexler has the distinction of being one of the few to whom it may be said "they never give up." He blew in from M. P. C. I. and there seemed to be a place waiting for him. He has made many friends during his stay at Lenoir. He passes in and out, giving to everyone a kind word, or telling them of some of his experiences as a "vamp." He delights in telling Dasher to give him a glass of water at the table. During his Senior year we find him treading toward "No Man's Land." At last, "Trex" has become an admirer of the "Aggravating Sex." In all your triumphs, "Trex," you've made friends, and when you hit life's trail we see no reason why you cannot achieve greater things. Your ability, personality and determination will work wonders in the future. "Trex" we are watching you.

## Senior Class

RUTH TROUTMAN, A.B. . . . . Troutman, North Carolina

PHILALETHIAN

Class Prophet; President Indell County Club, 1; Vice-President Society, 2; Winner of Literary Prize, 3.

By the expression on her face you know that she is a student. It is just plain with Ruth; happy and good-natured, jovial disposition, always looking on the bright side of everything, and trying to make everyone happy. Her earnestness and persistency in all things speaks for her success in the field of pedagogy which she intends to enter. Original ideas with Ruth are not a rare thing, and they seem to come just at a time when they are most needed. We think that we can already see a room full of happy children, listening attentively to the instruction of their kind and learned teacher.

BEULAH WALBORN, A.B., A.Mus. . . . . Van Wert, Ohio

EUMENEAN

Lenoirian Staff, 2; President of Society, 3; Vice-President of Luther League, 3; President of Girls' Athletic Association, 3; Vice-President Class, 4.

True to class, society, friends, her word and her duty. It takes all this and more to express the worthy qualities of this frank, loyal Ohio student. Beulah's friendship is prized by all who are fortunate enough to possess it—and the number is by no means small. She is always ready to do her bit to further a worthy cause, and is never too busy to do a favor for a friend. Beulah is one of the musicians of our class, her talent in this field being of no mean quality; but, in addition to this, she is also a good A.B. student. She will make a success in life if she continues in her perseverance and loyalty.

## Senior Class

HILDA WHITENER, A.B. . . . . Hickory, North Carolina

PHILALETHIAN

Treasurer of Hickory Nuts, 3; Secretary Society, 3; Vice-President, 4.

Hilda, one of our hard-working students, has stuck with us for four long years. This Hickory Nut is a friend wherever you meet her, and is true to her class and college, and, too, when Hilda says so you can always depend upon her. In all of her struggles in college she has made good, and is able to render good service. You will always see her ability linked with a smiling disposition, which assures us all the more that, when the time comes for her to take up life's work, it will be done with ease and success.

BUNOLA WILLIS, A.B. . . . . Henry, North Carolina

EUMENEAN

President, 3; Assistant Librarian, 2, 3, 1; Hacawa Staff, 4.

Bunola, one of our most energetic students, has shared with the class of '24 its joys and trials of college life. During this time she has gained a warm place in the hearts of her fellow students. That she is studious is shown by the fact that when Exam time comes she is there with a good grade. She attends to her own business and allows others the same privilege. Always ready to do a kind deed for her friends, do you now wonder why everybody likes her? We wish Bunola much success in teaching or whatever she chooses to do. We feel sure she will continue to be earnest, faithful and true; then victory will be hers.

She has won a lasting place in the hearts of all her classmates by her friendly disposition. She is frank and open-hearted, and can be depended upon from what she says. She is gifted with a fine sense of humor, so blues, etc., are unknown to her. With such golden qualities what but success in the future?

## Looking Forward

In the dim and distant future  
When life has told her varied tale,  
And we, with furrowed brow, and careworn  
Shall gently push aside the veil,  
And fondly gaze on yesterdays distant,  
What be the vision our eyes shall trail  
Of days, how oft lived o'er in fancy!  
Those days of youth, but a phantom frail  
Whose joys be our memories' priceless store,  
Our four-years' abode at dear Lenoir?

Ah, classmates, we to-day are painting  
The picture which we then shall see;  
And in our minds and hearts are forming  
Small thought—folk which, ere then, shall be  
Our constant comrades and companions  
Whether renowned or humble we.  
Then let us strive, in each word and action,  
To render the picture from heartaches free,  
That, after the final victory's won,  
The voice may say unto each, "Well done."

Lenoir, our loved Alma Mater,  
Oh, may we ever think on thee,  
And may thy high ideals and precepts  
Our ever-present comrades be.  
In our hearts thy mem'ry shall always dwell  
And, now, we breathe a fond farewell.

## Senior Class History

T last the long-looked-for time has come—that of being Seniors. We have reached the top rung on our college ladder, but we realize that our life work is just beginning. It seems but a short time since we entered this institution as “Freshies,” and now we are always on guard for fear of setting a bad example for the present “rats,” as they are more commonly known.

Early in the fall of our first year we organized our class, and selected as our motto the word “Forward.” It didn’t take the “Sophs” long to learn that there was something to us and we soon became friends, instead of friendly enemies as usually is the case.

Our Freshman year completed, we returned as wise “Sophs,” but, remembering the kind treatment we had received the previous year, we were very lenient with our underclassmen. Our second year sped merrily on with work and pleasures almost equally balanced, and we soon became the “Jolly Class”—or Juniors. This was a very successful year for us. We introduced the class sweaters, had our class song, and put on a play, “Much Ado About Betty,” which was a howling success. Our biggest hit of the year was the Junior-Senior banquet given at the Hotel Huffry early in the spring. We brought to life this custom which for many years had laid dormant.

Seniors. Some expected to see derby hats and walking canes, but at times we felt as insignificant as the Freshmen. We just learned how little we knew, but keeping our motto in mind, we strived all the harder to acquire as much knowledge as possible.

Quite a number of our boys have the ministry in view and many of our girls are members of the Student Volunteer Band. We have faithful workers in all the literary societies, and are well represented in the Glee Club. Several of our members are specializing in voice and piano. We are glad to claim such talent in our class. We have many honor-roll members, as they have made the honor roll every time since their stay here.

It was not uncommon to see several of our classmates flashing diamonds, but we were very fortunate and kept them until the end of the term. One member married, but luck favored us, as he remained a member of the class.

We feel that we would like to express here our gratitude to our instructors who have aided us greatly in our struggle. Also to Mr. Dan Rhyne, who made it possible for our college to retain its “A” grade standard.

As we go to our respective places in life, we leave many friends. But we shall ever hold dear the memories of many happy hours spent together during our four short years. We shall always remain loyal and true to our dear Alma Mater.

CLASS HISTORIAN.

## Senior Class Prophecy

HE time was late summer. It was a hot, sultry day late in August. The heat waves shimmered above the thick, white dust of the country road, and the sun boiled down on our party, which was ascending a mountain peak in western North Carolina, to renew their vigor and energy at Nature's fountain.

Wearied from extensive travel in Europe, my companion, a famous scientist, and myself stopped halfway up the mountain, while the other members of our party climbed to the top. While my companion was examining and collecting material for biological study, I sat down by an old hawthorne tree, and soon Old Man Nod had succeeded in closing my eyes. I then entered the world of unreality, where all of our dreams come true.

I looked about me and discovered a great hollow in the trunk of a tree; thrust my head in and, observing that the hollow was large enough for two or three persons, I stepped inside. When I became accustomed to that dimly lighted nook I discovered that I was seated in a beautiful little open boat, with a carved figure bearing Aladdin's lamp at the entrance. I was thinking how marvelous it was to have such a curiously attractive little boat all to myself in so haunting a surrounding when it slowly started to move away.

At first I felt startled and lonely, but in a few minutes I forgot such trivialities, for my little boat began to move so swiftly that I soon found myself in a wonderful river far beyond the tree. On and on my beautiful boat drifted into the hidden mists, and I vaguely wondered where it could be taking me. But soon the mystery cleared, and a beautiful bay greeted my bewildered eyes. So intent was my desire to land that I suddenly expressed it aloud. As if by magic the boat began to alter its course toward the shore. Landing, I stepped out into the new country. There was a strange atmosphere of charm and unreality pervading the whole place. Further inland I noticed a cave. I peeped inside and saw a tiny dwarf operating a highly-perfected picture machine. A large sign on the wall read, "See the World Through the Movies." Directing my mind to the screen when, to my amazement, I read the first title of Pathé News, "Lenoir-Rhyne College, one of the widest known educational institutions of the world, having the most beautiful campus and buildings in the state." Then I got a glimpse of the college and campus as it was in the days of '24; the unfinished gymnasium, dilapidated Oakview, dear old Main and the Science building. How very dear was this picture to my memory! Then, there before my staring eyes, stretched a panorama of Lenoir-Rhyne College fairly covered with beautiful imposing buildings, paved roads twined around the old circle which resembled a park, and two thousand students studded the campus. In the center of this wonderful picture was an insert picture of the president, Jennings Moretz, Ph.D., and his assistant, Mary Goins, A.M.

The next scene was in tropical Africa, where Olin Fritz and Silas Smyre had

been hunting wild animals. Letho Bumgarner, the musician of the Class of '24, was also a member of the party, and had discovered a tune that would tame boa constrictors.

The scene that next held my attention was quite different. I saw two masculine-looking women who had become quite proficient in the cultivation of onions. They had exceeded all like attempts in the United States. I recognized Mabel and Katherine Rudisill. (Then I remembered their craze for onions in college.)

A copy of the New York Times flashed before my eyes and in the center was quite a conspicuous picture of Ross Ritchie, its newly elected editor.

There was a change of scenes, and much to my sorrow I beheld a mathematical tomb for Clifton Deal, who had expired after writing a Math book that had made Math immortal in colleges and universities.

A radio station from Lenoir College to Mars was being operated by Josephine Moose. The radio was announcing George Fetzer and Claude Aderholt as winners in the world's annual prize fight of 1940. The president of the International Broadcasting Association was Paul Sieg, whom I remembered as having been one of my most intelligent classmates.

The next event of national importance was a Congressional scene where Fannie Farris and Edna Rhodes, both members of Congress, were working on a campaign for marrying off old maids and bachelors. I did not learn whether or not personal interests motivated their argument.

In sunny France Lily Yount, America's Ambassador to France, was swaying the political minds of the French by her eloquence in the use of the French tongue.

To relieve the monotony of current happenings, a cartoon was shown representing two Socialists, Kate Mosteller and Grace Yoder, who were waging a national campaign for shorter working hours for the bees and ants.

Elizabeth Hentz was an efficient dietician in a mining camp in the Klondike, and as side issue she was studying the architecture of Eskimos with the intention of grafting an igloo in Strother, S. C., which had become a fair and prosperous city.

The next flash showed a middle-aged man and his wife strolling through a tea grove in India. I recognized the woman as my "Buckeye" friend, Beulah Walborn, who was a Lutheran missionary. I recognized Hazel Crouch here also. She was raising canaries and explaining the process of teething to the natives.

The next change showed a monstrous train puffing majestically into the great metropolis of Hickory, N. C. It was the C. & N. W. Charlie Kyles was president of this railway system, which had become the largest corporation in the world.

In the English chair at Chapel Hill, I saw Hilda Whitener. She also was becoming famous as a playwright, and was efficiently filling Professor Koch's place at the University of North Carolina.

In Henry, N. C., Cy Lutz and his dainty little wife were living happily. He had become a successful evangelist who, at Billy Sunday's death, took his place.

Agnes Park had become a great inventor, having invented an electric dishwasher, which made her one of the most popular women in the realm of domesticity.

The next scene was an announcement, Bertha Woolever, a celebrated soprano, and her accompanist, Katharine Fritz, would favor the Russian government with a recital at their annual inauguration ball. Both of these brilliant musicians had won honor and fame in Europe.

Of equal fame and renown was Ray Trexler, the famous comedian, who had formed a company with Arlie Rhyne as secretary.

Floriculture, fairest of all arts, received a severe setback. Bunola Willis, who cultivated with much patience and care a plant that she thought would be a Chinese lily. However, it turned out to be a very poor specimen of Bermuda onion.

George Smith and Carmon Castor had published a new series of educational tests to determine the intelligence of animals. Some of their most important discoveries were that the source of a bee's intelligence was its knees, the puppy's eyebrows, alligator's adenoids, and the snake's hips.

Lucille Bumgarner had become a sculptor, who was famous for the realism of her unexcelled art. I was electrified when I saw a bust of Russell Sigmond, the former's most celebrated production. Had it not have been for the strange paraphernalia of a Russian Bolshevik he would have looked natural.

This picture, unlike the others, began to fade slowly. There would be no others I soon discovered. Knowing that the dwarf had shown the last picture (for had I not seen all my classmates?) I ran quickly away so that the dwarf might not see me. On approaching the bay I found my little boat swiftly drifting away. I called; no answer came. I ran for a seemingly endless space along the bank and, just as I was about to plunge over the brink of a yawning precipice, I heard a voice calling to me. I opened my eyes and looked about. I was leaning against the hawthorne tree and my companion was kneeling beside me. In the distance, which was hidden by summer mist, I heard the joyous laughter of my friends who were ascending the mountains.

*Article 27.* I, Silas Smyre, do hereby order that my rules for making love be distributed equally between Waldo Stockman and Bunyan Rhyne.

*Article 28.* I, Mabel Rudisill, will and bequeath to Mary Hiller all my notes on Solfeggio and Harmony, thereby making college life easy for her.

*Article 29.* I, Katherine Rudisill, do order to Ruth Carpenter my splendid rules for living through the Senior year without a "beau."

Witnessed by: Our pleasure and displeasure, both now and forever, with our great hopes for the future.

## Yell

We can work; we can fight;  
We can beat the others out of sight.  
Who are we? Man alive!  
We're the Class of Twenty-five!

## Class Poem

There is no place in this wide world  
With skies so blue and friends so true,  
Where freedom's flag so far unfurled;  
No place so dear to me and you  
As this Lenoir-Rhyne College home,  
To which from various states we come.

The cup of knowledge we have sipped  
To dregs; we cannot drain it dry,  
Forever bubbling new 'tis kept  
By those, whose efforts pure and high,  
Inspire and help us when we fail,  
And fill with wind our fallen sail.

We each have tried, and not in vain,  
Our opportunity to grasp.  
We'll never forget the hour we came  
To Lenoir-Rhyne, whose friendly clasp  
Has sheltered us from storms and fears;  
We'll reverence her throughout the years.

In happy years that are to be,  
When each his hopes has realized;  
The golden days for you and me,  
The days of all most highly prized,  
Enchanted hours--a pleasant time,  
The ones we spent at Lenoir-Rhyne.

Success must come to those who work  
And keep their thoughts and actions pure,  
Not one his duty dares to shirk  
If he would have his life work sure.  
So may our ideals come to pass,  
In this, our Jolly Junior Class.

## Junior Class History

**T**HE Class of '25 entered the halls of Lenoir, the largest and probably the best class in the history of the college. During the past three years the number has dwindled from sixty to forty-five, some falling out for financial reasons, and others for matrimony. The class has played well its part in all college life, literary, athletic and religious work.

Six of its members have excelled in debating, nine have made enviable records in class work, twenty-two have made records as athletes, four varsity men at some time or other, six are ministerial students, two are preparing themselves for the foreign mission field.

Our first few weeks of experience found us uncertain and uneasy—we were dubious as to our status in college life due to the initiation ceremonies of the first few nights. The idea of our inferiority was soon worn off by the sociability of the former students, and we settled down to real work.

The next year found us demanding more privileges and some of these from the Freshmen. After having a few shoeshines and some innocent sport, we decided that all men were created free and equal. In the Fresh-Soph Flag Contest we put up a desperate fight, and when the midnight gong sounded "Our Flag was still there."

This year has found a more sober bunch than before. We are beginning to realize that "Time and tide wait for no man," and are settling down to real work. Our motto, "To the heights through toil," is becoming a realization. Although a few of us have fallen in the fight, the remainder are working with renewed energy and vigor. With its interest in college activities and its desire for the welfare of "Old Lenoir," none the less the Junior Class closes its history until another year ends.

## Sophomore Class History

**T**HE days of Freshman life have not been forgotten by the Class of '26, so when we returned this year it was with the determination that being friends with the "rats" was more worthy than to place the fear of the Sophomores in their hearts. The class made the wearing of "Green Caps" an institution at Lenoir.

The first president of our class, Bolick, gave us the necessary push to start our ascent in our college career.

Most of the scrub material and many of the varsity players of the different teams were from our class. This year eight of the football team were furnished by the "Sophs," three of the basketball team and four of the baseball. The class is proud of its record on the athletic field.

In the forensic branch of college activities our class is well represented. Our Freshman in the Fresh-Soph Debate was instrumental in making it a success. Our class is represented on the society anniversaries. Our class makes the students sit up and take notice when they are on a debate. There are future Clays and Calhouns in our class.

In literary attainments the girls have outdistanced the boys, capturing several first distinctions and a large number of second distinctions. The class as a whole led the college in the percentage of honor men last year.

Many of our members have already evinced a preference for the ministry; others showing inclinations toward the field of medicine, commerce, finance and education. Some of the class may some day return to their Alma Mater with Ph.D.'s attached to their names, to fill the chairs of instructors. Some of our members have dedicated their lives to the work of foreign missionaries, who will build most enduring monuments to the glory of the Class of '26.

In interclass contests our class has always fared well. The trophy of class baseball fell into our hands. Our dramatic talent was proved in the winning of the decision for the best entertainment on All Saints' Eve.

Our class is well represented in the college band, the orchestra and the dramatic club. The Glee Club is also indebted to us for some of its best talent.

We have learned that a college course is not contained in books, and every man feels that his class friendships are cemented by ties more lasting than Gibraltar.

We feel sure that all our members will return next year and help to make the latter half of our college career even more successful than the first half has been.

**ATHLETICS**

COACH LAMOTTE

## Athletics at Lenoir

Athletics have advanced quite a pace at Lenoir in the past three years. And the increased interest in athletics has been a decided asset to the College in a number of ways. It has developed a solidarity and a spirit of co-operation in the student body that all Lenoirians are proud of.

In former years the select few made the various teams, as would not have been the case if more of its members had taken an active part. But, with the coming of Coach Phil Utley, three years ago, a greater interest was taken in athletics than ever before, and the competition for places on the teams became very keen. A much larger number went out for the teams; and, consequently, the student body, as a whole, took a greater interest in athletics.

Coach LaMotte has been Lenoir's Athletic Mentor for the past year and a half, and, under his leadership, the athletic spirit and pep has continued to grow. It is true our teams have broken no records, but from a small beginning it can truly be said that very substantial progress has been made.

Lenoir's expansion in athletics seems to be in keeping with present-day educational tendencies, and with the practices of the other colleges of the country. It is now recognized that a strong, well-developed mind needs a strong body as a dwelling place.

In former years Lenoir had been hampered in the development of athletics because of her poor gymnasium accommodations, and because she did not have a suitable athletic field. We are glad to say that both these needs have been met. A fine gymnasium has been erected on the campus, and a very desirable athletic field secured.

Since the educational system of our country is adopting the policy of more athletics, or physical education, it is fitting that Lenoir should fall in line, and that she should receive the loyal support of every friend of College.

# FOOTBALL

## JOBY HAWN . . . . . *Halfback*

Joby, as captain of his team, filled his roll well. This was his second year on the Varsity team. His combined swiftness and fight made him the greatest ground-gainer. Joby was hindered by a bad shoulder, nevertheless, he made a good record. He is one of the best halfbacks Lenoir has.

## FRED BROWN . . . . . *Halfback*

Fred is the old standby in the backfield. This makes his third year on the Varsity team, and he is good for one more year. He can go through the line with the old Pigskin tucked safely under his arm, even if the line is almost impenetrable. Fred can be depended upon at all times, and never fails to use his head, and hands, when most needed.

## HUBERT SECHLER . . . . . *Tackle*

"Sech" is the best man on the team to send into the game in a critical moment, and fill any position in the line. He is an all-round player, and has more grit for his size than any other man on the team. This is "Sech's" second year on the team.

## NATHAN JONES . . . . . *End*

"Nat" is the fighter of fighters on the football field. He has the might and muscle to go down the field, clearing all before him, and receive a forward pass for a long gain. He is good for three more years of good service.

JESSE AMICK . . . . . *Tackle*

"Jess" is the "Big Boy" of the Varsity team. He plays tackle, and he gets 'em, too. This is his second year in football. Jesse always does his part well. He was out of the game three weeks this year with injuries; but, in spite of this, he was in the more important battles.

GRADY MORETZ . . . . . *End*

Even though small, Grady makes this up by being a hard fighter. He plays end, and plays it well. He is dependable, and a valuable asset to Lenoir's team. He is good for two more years.

ODELL MCGINNIS . . . . . *Halfback*

"Mac" is another one of those fighting halfbacks that Lenoir is proud of. He is tactful in slipping through the defence for a good gain every time he gets the ball. He carries the fight to his opponents, and does not wait for the play to come to him. "Mac" has three more years at Lenoir.

JASON RUDISILL . . . . . *Guard*

"Jase" is one of the last year's Varsity. He came in late this year, but, despite this fact, he won his place in the lineup. "Jase" is one of the heavy men of the team. He is a sturdy, hard fighter.

# THE HACAWA, NINETEEN TWENTY-FOUR

## ALBERT PHILIPS . . . . . *Fullback*

"Phil" is that hard-hitting, fighting, bucking fullback you heard so much about. He was in every game, and in a majority of the plays. He could kick the ball fifty or sixty yards at every crack, and give him the ball if you want a good gain. Lenoir prizes Philips very highly, and we hope to have him three more years.

## CLIFTON HOOD . . . . . *Tackle*

Hood had his first trial at football this year, and he made good. Hood is a big, rangy chap, seemingly out to play tackle. Though green at first, he rapidly developed into one of our most valuable men on the team. For three more years Hood will be a mainstay on Lenoir's team.

## WILLIAM GRESHAM . . . . . *Quarterback*

"Billy" came to Lenoir last fall with the idea of making a letter in football—and he did it. He is a brainy, fighting quarterback. He proved to be a hard-fighting, consistent player. "Little Billy" will be seen on Lenoir's Varsity for three more years.

## EDWARD WHITENER . . . . . *End*

"Dizzy" is small in stature, but big in all other respects. This is his second year on the team. He plays end in real style. Ed always does his best. He will work on the team two more years.

## LOWELL CALDWELL . . . . . *Guard*

Caldwell was the old standby guard for Lenoir. He played in every game. He had plenty of fight and stability to go through the season without an injury. Caldwell is especially good on the defensive.

## ROBERT CLEMMER . . . . . *End*

"Bobby" is the lightest man on the team, but he makes up for it in speed and side-stepping. Clemmer is the good sport—a good man and a good student—a combination one very seldom finds. He always plays a clean game, and if he loses he has the consolation of knowing that he has fulfilled his part. He was manager of the team, and filled this place well. He will be with us two more years.

## Basketball

### FRED BROWN . . . . . *Guard*

Captain Fred plays guard—and plays it well. It is like running into a brick wall when you try to shove over Fred. He is Johnny-on-the-spot in basketball, and wherever the ball is you will find Fred. He has been with us three years, and will be back next year.

### HUBERT SECHLER . . . . . *Guard*

"Sech" is not a sensational player in the basketball world, but he is one of those hard-working, consistent players. He always takes an optimistic view of the game, and if the team loses he does not feel badly about it, because he feels that he has done his part.

### JAY BOGGS . . . . . *Forward*

"Jay" is the sensation of the basketball world. He is a light-stepping chap, always with the ball, and if it is in the air, so is Jay. He has spent three years caging the ball for Lenoir, and it may be said that they were successful.

### JOBY HAWN . . . . . *Forward*

"Joby" is the little man with the long endurance. He plays the floor well, and is an accurate shooter. In fact, he is a veteran in the basketball world. Lenoir is proud of the work he has done for the team.

## Basketball

PRATT KARRIKER . . . . . *Guard*

Pratt is a good basketball man, even though he has been with us only one year. He is fast becoming famous as a basketball star. He plays the floor well, and is also a good shot. He will be back next year.

BAXTER MOOSE . . . . . *Center*

Baxter is not only a good baseball player, but he handles the larger pill with as much ease as the small one. He is an accurate cager, and plays the floor well.

CLAUDE GILBERT . . . . . *Forward*

"Gill" is a good player and falls right into the work of the team with a whole-hearted determination. Gilbert is a quiet, consistent player. He always plays for the team and College. He will be back next year.

# BASEBALL

## Baseball

PAUL DEATON . . . . . *Center Field*

"Pete" is known to local fans as the man with a wise baseball head. In the time he has played for Lenoir, Pete has won the reputation of being one of the best all-round players that college baseball of this state has produced. "Pete" not only knows how to play ball, but he also knows how to outguess the other fellow in a majority of the cases.

HOMER HAWN . . . . . *Second Base*

What shall we say of "Joby?" Whatever we say, we know it will not do him full justice. The splendid work he has been doing on second base and with his war club, since he has been playing at Lenoir, has won him a state-wide reputation; and, needless to say, it has won the admiration of every friend of the College.

JAY BOGGS . . . . . *Shortstop*

Rah! Rah! Rah! Jay Boggs. When Jay begins to show his stuff on the old diamond everybody begins to sit up and take notice. Jay has been holding down the shortstop position all the while he has been at Lenoir, and he has been doing it to the delight and entire satisfaction of every fan of the Garnet and Black.

## Baseball

CLAUDE GILBERT . . . . . *Left Field*

The left garden has had an able caretaker in "Gill" for the past two years. When a ball starts his way no one interested in the team has anything to worry about. He brings home the bacon, if it is in the limits of possibility. He has two more years to chase 'em up.

ROBERT CLEMMER . . . . . *Third Base*

"Bob" is the fellow that holds down the last corner. Look him over! He is small in stature, but Oh! boy, how he scoops up that old pill when it comes his way. Keep your eye on "Bob." He has three more years out on the sack.

PRATT KARRIKER . . . . . *Pitcher*

"Pratt" is a good, quiet and sturdy amateur baseball pitcher. He has done good work for Old L. C., and we hope to have him back three more years. We are expecting greater things from him in the future.

## Baseball

### FRED BROWN . . . . . *Pitcher*

Fred has seen two years' service on the mound for Lenoir—years full of work and achievement. Fred uses his head in a way that is almost uncanny at times. He does his hardest work when he gets in a hole, and he usually pulls out, too. No one has ever seen him rattled while on the mound. He goes in the box with one purpose—to win the game—and he usually does this to the satisfaction of all.

### GEORGE SMITH . . . . . *Right Field*

George first broke into baseball fame by going on a spree with his war club in the King College game. Soon after the season opened up he started a terrific barrage of two and three-baggers. George looked after the right field in a very efficient manner.

### BAXTER MOOSE . . . . . *Pitcher*

Moose was our pitching ace during the past season. The way he made the old apple curve and spin and cut capers was sure to get the goat of the opposing batters. He won all his games but one—a record to be proud of. Moose has three more years on Lenoir's mound. Great things are expected of him in the future.

## Review of the Season

**R**EVIEWING the season from the number of football games won, it was a failure. However, it must be remembered that, for the most part, the Lenoirians played teams that have been playing together from two to four years, while we were an aggregation of green and inexperienced football material. In the last game, however, Lenoir sprung a surprise, and held the strong Milligan team to a score of 7 to 20, when we were expecting them to trample us by a score of 40 to 0. This is good proof that we have a team in the making that we will justly be proud of.

The basketball schedule is very much lighter this year than it has been for some time. Up to the present time the Black and Garnet quint has engaged in eight battles, and have made a fifty-fifty split—winning four and dropping four. There are three more games to be played, all on foreign territory. The coach hopes to lay two of these to Lenoir's credit. If this happens Lenoir will be the winner, and our team can be considered successful.

Lenoir's 1923 baseball season was an unusually successful one. The schedule consisted of thirteen games—a small number, it is true—but among these were some of the strongest teams in the state. Out of all the games the Black and Garnet only dropped two, as compared with eleven wins. King's was humbled to the tune of 16 to 1; Wofford, 5 to 0; Elon, 10 to 4; Guilford, 4 to 2; Wake Forest, 8 to 5; M. P. C. I., 5 to 2 and 12 to 0; Weaver, 11 to 1; Rutherford, 16 to 2 and 21 to 10. We lost to Trinity, 9 to 0, and to Elon, 4 to 3.

Without a doubt, Lenoir had one of the best fielding and hitting teams in the state. The only weakness was in the pitching staff—not in quality, but in quantity. The club had only two experienced pitchers, and in the nature of the case, these two could not hope to pitch up to form, when it was necessary for them to pitch two games with one day's layoff.

This year prospects look considerably brighter. The best part of last year's team is back on the job; and, in addition, there are many new men that will compete for the positions. The pitching staff will be materially strengthened this year. The schedule this year calls for twenty-four games. All the strongest teams of the state are to be met, and, in addition, a number of teams of Virginia and South Carolina are to be taken on. A heavy schedule for a small college, to be sure, but with the material Lenoir has, she will end the season with colors flying; and all the fans and friends of the College are confident that the team will play a high brand of ball.

The Hacawa is a great invention;

The class gets all the fame;

The other fellow gets all the money,

And the poor editor gets all the blame.

# End

My task is done, my song has ceased, my theme  
Has died into an echo; it is fit  
The spell should break of this protracted dream.  
The torch shall be extinguished which hath lit  
My midnight lamp — and what is writ, is writ;  
Would it were worthier!
